L'Ambasciatore d'Italia

Nicosia, 27/06/2018

Prot. n. 524

Dear Chairman,

I have the pleasure to inform you that on 26-27 September 2018 Italy will host in Rome the third edition of **Cybertech Europe**, the world-renowned Conference and Exhibition for cyber solutions and innovation.

The event, held in collaboration with *Leonardo* – a global high-tech company and a key player in Aerospace, Defence and Security – will be attended by representatives of European Governments, major companies and hundreds of experts from all over the world. It will focus on the global cyber threat and strategies and solutions for diverse challenges in sectors including finance, transportation, utilities, defense, and government to protect operations, infrastructures and people (please see attached brochure).

Considering the scope of the event and the opportunity it offers for meetings with multinational companies and SMBs, I would be grateful if the Chamber of Commerce could forward this information to all its members that might be interested in attending. The Italian Embassy in Nicosia will gather all the participation requests for Cyprus and forward them to the organizers.

With many thanks for your kind attention, I avail myself of this opportunity to send you my best regards.

Sincerely Yours,

Andrea Cavallari

Mr. Christodoulos Angastiniotis
Chairman of the Cyprus Chamber
of Commerce and Industry

CYBERTECH CONFERENCE AND EXHIBITION

Following the overwhelming success of Cybertech Europe 2016 and 2017, Cybertech proudly invites you to join thousands of representatives from across Europe, Italy and around the world on the cyber world's main stage at Cybertech Europe 2018!

Join us at Cybertech Europe in Rome on September 26-27 for a 2-day conference and exhibition of the latest innovations, solutions and developments from the world of cyber!

Since 2014, Cybertech has served as the global meeting place for exchanging ideas, networking and B2B opportunities for players across the industry, with large-scale and boutique events held in Tel Aviv, Singapore, Europe, Latin America, North America and more. Last year's Cybertech Europe featured over 4000 participants from over 40 countries, 120 exhibiting companies and startups, over 130 speakers, 25 government delegations and hundreds of company leads per day.

Cybertech Europe 2018 is your chance to meet technology company executives, start-ups, government officials and contractors, investors, leading academics and legal, media and marketing professionals changing the global cyber landscape. High-profile speakers and panelists will focus on the global cyber threat, and strategies and solutions for diverse challenges in sectors including finance, transportation, utilities, defense, and government to protect operations, infrastructure and people. From enthusiast to expert, Cybertech Europe offers something for everyone.

In addition to the lectures, plenary sessions and VIP speakers, Cybertech Europe will feature an extensive exhibition for multinational companies and SMBs alike, as well as our renowned 'Global Cybertech Startup Pavilion' where young, innovative startups display their cutting-edge technologies.

See you at Cybertech Europe in Rome on September 26-27, 2018!
