Brief summary about International Food and Technology Expo “INFTEXPO”

International Food and Technology Expo 2023, will be held in Amman – The Hashemite Kingdom of Jordan, where the world of food industry is preparing to learn the new and modern in the food and beverage industry and technical trends. The exhibition will be held at the(Jordan International Exhibition Center Mecca Mall) for the SECOND time in the kingdom and will be organized by Pulse Internationalfor Organizing Exhibitions and Conferences .

The exhibition will be held from the 10th of August, 2023 till the 13th of August, 2023.The food industries in the Kingdom is advanced and is ranked second in terms of quality and reach most of the markets of neighboring countries.

Jordanian Market

Food products are difficult to enumerate, and it is difficult to quantify the quality, characteristics and specifications if it. Every year, the world is witnessing hundreds of different kinds of new food products, different types and sources of raw materials.The total number of establishments operating in the food industries registered in the third industrial chambers (Amman, Zarqa and Irbid) in 2014 reached 922 local establishments compared to the number of establishments in 2008 with 852 establishments registering an increase of 2.8% The exports of the sector constituted 34% according to the 2014 census issued by the Jordanian Chamber of Industry. Of the total industrial exports, this large number of exports reflects the quality and advantages of Jordanian products in this sector.

Exports of processed food products from Jordan have increased significantly since the beginning of 2000 - about 2.6% between 2003 and 2013 in terms of value in US dollars.

Targeted participating companies in the exhibition:

- Live animals and animal products and meat.

- Fruits, vegetables and processed products

- Cocoa and chocolate, sugar, candy, desserts and Eastern sweet products

- Dairy products.

- Cereals, flour, starch, pastry and bakery products, potato chips and corn.

- Beverages, soft drinks, juices, vinegar and mineral water.

- Spices, salt and flavorings.

- Franchise. ,Machineries

Exhibition concept and aim

The concept of Amman International Food & Beverage Exhibition is based on providing exhibitors and consumers needs all under one roof and to participate efficiently in the exhibition, as it gives the chance to International exhibitors to display their products in the local and regional market, meet businessmen to bound their relations, get new customers and to explore new techniques.companies in the sectors exhibiting locally and internationally

Jordan's Economic Importance

Jordan has a sound and resilient economy which gives it the capability of adapting to local and regional shocks and to achieve growth at stable and sustainable rates.Despite the fact that the global economy is engaged in a struggle with three economic and financial crises not seen in terms of economic growth rates especially for emerging and developing economies and deterioration of the indicators of financial strength in international credit markets.However, the national economy continues to perform strongly in many of its financial and sectoral indicators, including economic growth.

Geographic location of Jordan

Jordan is located to the south of the Syrian Arab Republic, to the east of the State of Palestine, to the north of Saudi Arabia and to the west of the Republic of Iraq. This makes it an important link between three developing countriesincluding economic growth.Jordan is also a member of the World Trade Organization and an important regional centre and one of the most desirable in investment locations in the region
