**AmCham
Annual
Christmas Gala**

Keynote Speech “The future of Business”

*Mr. Michael Clark,
VP Global Product & Technology Lead for Platforms,
Ventures & Partnerships, Mastercard*

Michael is a data strategist and futurist specializing in converging current and future technologies into cutting-edge propositions, and experiences. Michael has helped globally established firms and well-known fintech’s realize their future digital visions. In his current role at Mastercard, he is helping clients, reimagine how data and future payment trends will evolve their businesses. Using platforms of the future and strategies to inform and design possible futures, spanning, data monetization, future value Exchanges across augmented worlds, new forms of payment, and Bank as a Service to the Metaverse and beyond. Michael is also a member of GAIA-X and the Berlin Group, where he helps shape the future of data and Open Banking API’s for Europe.
